Explain the reason for the budget change:

On March 2, 2004, the City Council approved an agreement with Harris & Associates to provide engineering plan check services to work at City Hall on some major development projects. It is anticipated that these engineering services will be required through the Summer of 2007. In order to meet project schedules, staff is recommending that the agreement with Harris & Associates be amended for time extension and to increase the contract amount by \$100,000, bringing the total amount to \$640,000. Harris & Associates services are related to private development projects, which are fully reimbursed from developer funds.

Approve a budget appropriation of \$100,000 reimbursed from developer funds to Land Development for engineering plan check services.
